

LACROSSE GUIDED MISSILE, REDSTONE ARSENAL  
HUNTSVILLE, ALABAMA

An Army surface-to-surface artillery guided missile. The Lacrosse system consists of three basic units: the missile, which is a solid fuel rocket, a launcher mounted on a standard Army truck, and a guidance station. The Lacrosse is capable of delivering a variety of warheads, at the direction of the combat commander, with precision accuracy.

3 in. AM.

Eating breakfast  
here. Raining & foggy  
but +6° this AM.  
Hope to be to Fla.  
by tomorrow.  
~~Don't place~~ Write  
when you can. Haven't  
heard from anyone  
since I was home.  
Love,  
Sylvia
