

U. S. ARMY 'REDSTONE' GUIDED MISSILE

1.50

U. S. ARMY ORDNANCE
"REDSTONE" GUIDED MISSILE

Huntsville, Alabama, Home of Army Ballistic
Missile Agency. Named after Redstone Arsenal,
the "Redstone" is the Army's largest surface-
to-surface guided missile. Capable of carrying
a nuclear warhead, this weapon has proven to
be very accurate at supersonic speeds. This
photo is actual color made by U. S. Army.
Dist. by Huntsville Junior Chamber of Commerce
Huntsville, Alabama
