

Redstone

REDSTONE MISSILE

Developed at Huntsville, Alabama's Redstone Arsenal, the Redstone is shown here being readied for launching at Cape Canaveral.

I had to take about
a week plate to send
break up to get into
pressure plate
throw out of balance

Genuine Natural Color Made by DEXTER PRESS, Inc., West Nyack, N. Y.

know had to change
bearing makes it
growl by me I
write, No war
to give
