1866-1872  
Cabaniss, Fannie (Sister)

part of it to some portion of the eyelid. This process is called elevating the Tarsium, and it is said that it will disappear in a few weeks, and not return again. Pa went to Dr. Agnew in New York in 1860, who advised him not to have it removed, saying that it would return again; but Dr. Pope says that this mode of relief was discovered by a young French surgeon, since that time.

Dr Dement and Sep were present when the operation was performed upon Pa. Sep says that Pa did not make or utter a complaint. The Doctor thinks that Pa can go to work again in a few days. Cousin William took Seta and Miss Ellen Dill to out to picnic last Thursday. They enjoyed themselves very much and spent the night at Aunt Sallie's. Sep went to a Methodist Sunday school picnic on Friday at Hatheway's grove, about seven miles from town. Simpson Walker has returned home to assist in surveying a railroad route from North Spring to Guntersville. Give my love to Uncle Ab Alfred, Aunt Sue and all the other members of the family.

P.S. The weather has been very hot, the thermometer at 90° on Friday and Saturday. I must now close and go to bed for it is 10 o'clock.

affectionately your sister  
F. S. C.
