HERE'S HOW NEW CHEVROLET TRUCKS
bring you more power
and more economy,
too!

How do new Chevrolet trucks give you both? Higher compression is the answer. Compression ratios have been increased so that Chevrolet truck engines do more work . . . develop more power from a given amount of gasoline.

As a result, you get the time-saving benefits of increased power—greater acceleration and hill-climbing ability—*plus* increased operating economy.

See these great new Chevrolet trucks at your Chevrolet dealer's soon! . . . Chevrolet Division of General Motors, Detroit 2, Michigan.

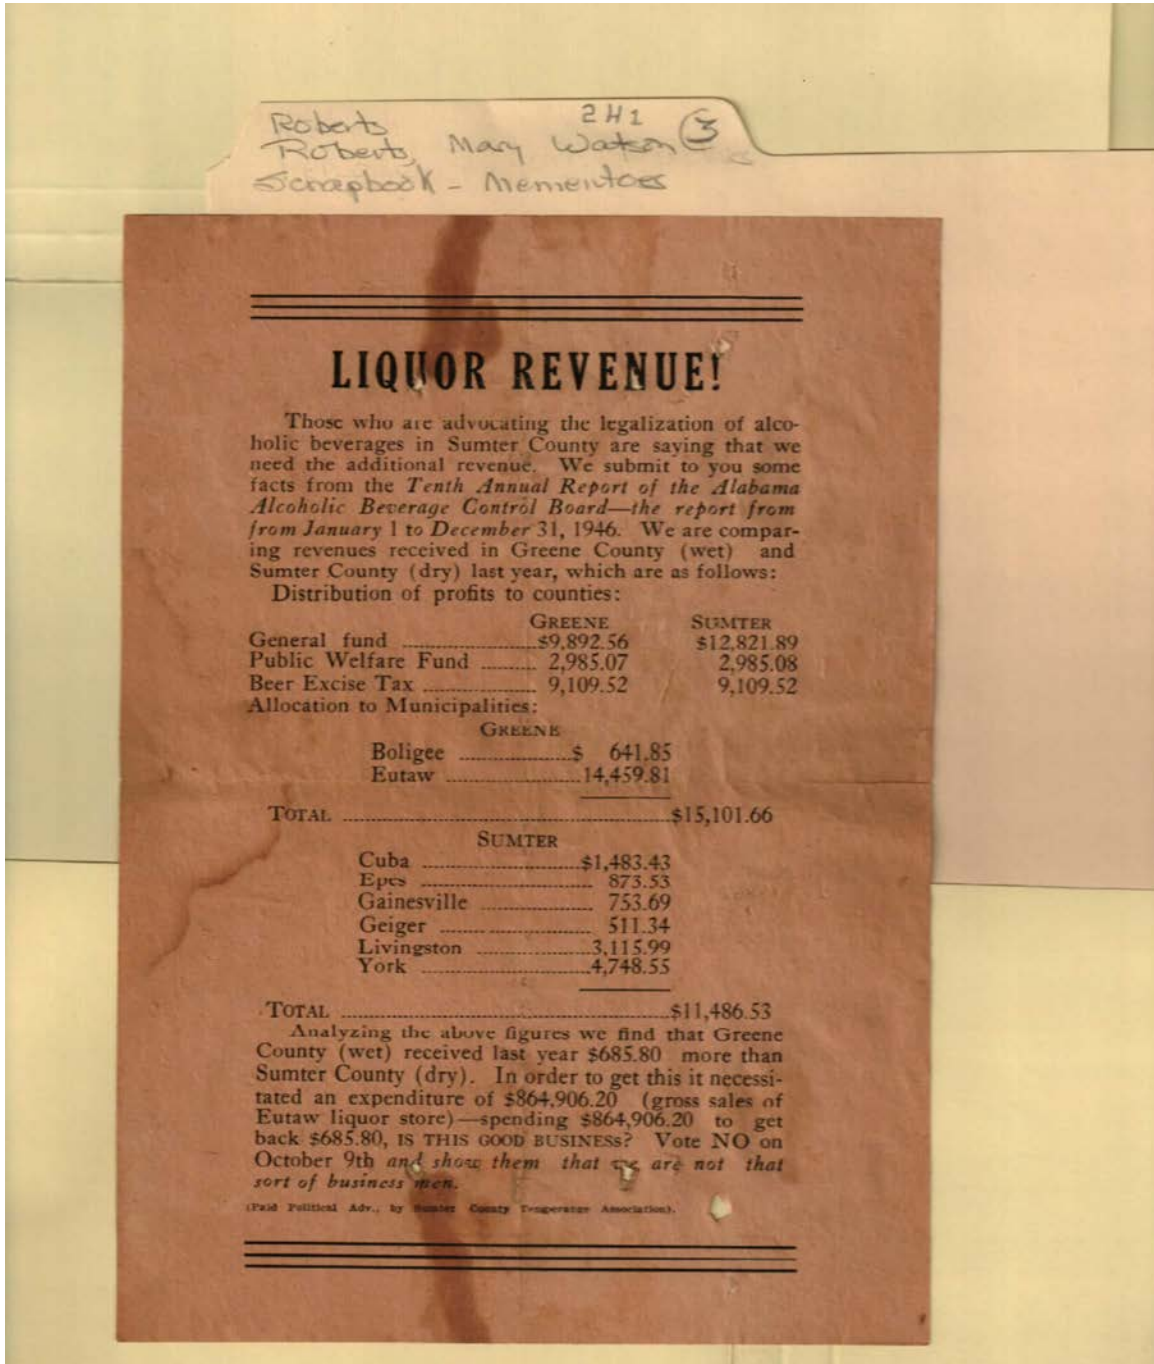

They've got more of everything you want in a farm truck!

Proved truck Hydra-Matic transmission* is offered not only on 1/2- and 3/4-ton Chevrolet trucks, but on 1-ton models, too!</p> |
| <p>MORE LOAD SPACE</p> <p>New pickup bodies have deeper sides and a grain-tight tailgate . . . new stake bodies are wider and longer. And they're set lower to the ground for easier loading and unloading.</p> | <p> Most Trustworthy Trucks on Any Job!</p> | <p>MORE HANDSOME STYLING</p> <p>The new front-end design is more massive and sturdy in appearance with handsome new grille. In the fall of man and his condemnation as a sinner, and God's sovereign grace and love in his redemption.

In salvation in the name of Jesus Christ, who was the "Word made flesh," God-Man, who obeyed the law, suffered and died for the sins of men, is risen and exalted a Priest and King.

In the free offer of eternal life in the gospel to all, and the aggravated guilt of those who reject it.

In the necessity of regeneration by the Holy Spirit, and of repentance toward God, and faith in Christ.

In the justification and adoption of the believer, through the blood and righteousness of Jesus Christ.

In the sacred observance of the Lord's Day for His worship and His work.

In the present life as man's only day of grace, and that, when the present life ends, man enters at once into conscious blessedness or woe.

In the resurrection of the body; the righteous, to eternal life; the wicked, to judgment and eternal punishment.

the ordinance, and the FREEDOM AND RESPONSIBILITY OF THE INDIVIDUAL.

1. The Bible is an all-sufficient guide in faith and practice, and nothing should be taught for doctrine which cannot be found therein. (II Tim. 3: 16, 17; Matt. 15: 9; I John 2: 20, 21, 27.)

* * *

2. The Bible makes every religious observance a matter of voluntariness, and hence of individual responsibility or privilege.

And, while we recognize the right of churches to exercise Scriptural discipline, and the right of governments to impose civil obligations, yet we hold that no church nor government, nor any power on earth, has the right to bind any man's conscience.

This principle of voluntariness and individual responsibility also excludes every idea that religious duty can be done by proxy. Hence, we reject the doctrines of infant baptism and sponsorship, and all efforts whatsoever to perform duties for others. (John 16: 36, 37; Rom. 14: 12.)

* * *

3. The first religious duty or act which the Bible requires of every person is repent-

ance toward God and faith in the Lord Jesus Christ.

Hence, we reject the doctrine of infant baptism, and every doctrine whatsoever which recognizes persons as in any way members of a church of Christ before they have given evidence of personal repentance toward God and faith in the Lord Jesus Christ. (Acts 2: 37, 38; Acts 5: 31; Acts 20: 21.)

4. The Bible requires that every person who has exercised repentance toward God and faith in the Lord Jesus Christ shall be baptized into the name of the Father, and of the Son, and of the Holy Ghost. (Matthew 28: 19.)

And the Bible teaches concerning baptism:

1. As to the act, it is immersion in water. (Acts 8: 38, 39.)

2. As to the design:

(1) It is a confession of Jesus Christ as our Saviour and of our allegiance to the triune God. (Gal. 3: 27.)

(2) It is the answer of a good conscience toward God. (1 Peter 3: 21.)

(3) It is the symbol by the washing of water, of inward cleansing. (Titus 3: 5.)

(4) It is the symbol of our having been buried to a life of willful sinfulness, and of

our having been raised again to walk in newness of life on earth. (Rom. 6: 3-5.)

(5) It is the symbol of our having died with Jesus Christ, and of our having been raised with Him into a life of acceptance before God; and also of our final resurrection with Him to life everlasting.

Hence, we reject the doctrine of sprinkling and pouring for baptism, as the setting aside of the true ordinance, both as to the act and its signification, and the substitution thereof of human tradition. (Col. 2: 12.)

* * *

5. We learn from the Bible concerning a church of Jesus Christ, that it is composed of those who have been baptized into the name of the Father, and of the Son, and of the Holy Ghost, after they have professed repentance toward God and faith in the Lord Jesus Christ.

The association of such persons, in order to form a New Testament church, must be entirely voluntary on their part, and must be for the purpose of observing such ordinances and practices as are in accordance with the teachings of the New Testament concerning such organization. (Acts 2: 41-47.)

The New Testament recognizes as the proper officers of churches, one, or more, pastors or elders, and deacons. (Phil. 1: 1.)

Roberts 2H1
Roberts, Mary Watson (3)
Scrapbook - Mementoes

The New Testament shows also concerning churches of Jesus Christ, that every local church has the right to govern itself.

It recognizes no right in civil governments to assume control over any church.

It recognizes no such thing as priestly or papal denomination, nor any authority in its own officers to be in any way lords over God's heritage.

It recognizes no ecclesiastical courts or bodies of higher jurisdiction which shall have any right to interfere in the affairs of the churches.

Churches may, in mere matters of expediency, associate and co-operate in Christian work if they see fit. Yet no association or council can have any power or jurisdiction, except what the churches see fit to allow. (Matt. 23: 8-11; II Cor. 1: 24.)

* * *

6. The New Testament teaches concerning the Lord's Supper, that it is a memorial ordinance, intrusted to the churches; and that it is to commemorate the offerings of the Lord's body and His shed blood till He comes.

A careful examination of these ordinances, as appointed by Christ, and of their essential meaning, and of the way in which they were observed by the apostles, will show that Bap-

tism, which is administered but once and for all time, should precede the Lord's Supper.

And, inasmuch as God's Word gives us no warrant whatever for inviting unbaptized persons to the table, which is the Lord's table, we dare not allow our Christian sympathies to lead us into giving such invitations, lest we be found changing the order of God's Word, and ministering to the confusion and obscurity of God's truth.

We reject the idea that the Lord's Supper is designed to celebrate love among Christians, or is an ordinance for deciding questions of fellowship either in an individual church or between churches.

And in declining to invite members of other denominations, we do not question their piety at all, but only declare that we believe them according to the example and command of Christ, to be unbaptized persons and not walking in the New Testament order of ordinances. (1 Cor. 11: 17-34.)

I LOVE the beautiful symbolism of the ordinances of the Baptist churches. I love a baptism that does not have to be argued, defended or explained, but is in itself such a living picture of burial and resurrection that even the blind eye must close itself if it would not see. And I love the creed that is written nowhere save in the New Testament, which allows growth, and the changes which must come with increase of light and stature without periodical revision. Then, I love the simplicity of the Baptist organization. If there wasn't a Baptist church in the world there would, nevertheless, be millions of Baptists in every generation. I love the democratic churches. I even resent the innovation of advisory boards in Baptist churches. And I love the Baptist recognition of the right of "private judgment," the liberty of personal opinion. I love the free responsibility of the human soul, standing on a level platform face to face with God, with no shadow of pope, or bishop, or priest, or man-made creed falling between himself and his Master. That's why I am a Baptist.—Robert J. Burdette.

rect. Constipation is the curse of civilized nations and is the great cause of over flowing Hospitals and Sanitoriums. The cry is: "More Hospitals." Our cry is: "MORE light on the CAUSE of disease and wisdom to prevent it." AMEN.

The ox eats grass and gets fat. We eat the ox and get sick. How do you explain that? The ox eats correctly and we do not. I do not believe that cancers, appendicitis or any of those troubles are hereditary. Might as well inherit a glass eye or wooden foot. Only wooden heads can think that. TRUE. Most people are guilty of table sins. Dr. J. H. Kellogg, of Battle Creek Mich. says there is not one case of organic heart trouble in a thousand. It is stomach trouble. The stomach filled to capacity, presses against the heart and puts it out of business. Kidney trouble, high blood pressure, gall stones, indigestion and other intestinal troubles will disappear under correct diet, unless it has gone too far and then even it will greatly lessen the malady. Just look at the fearful number of people who are dropping down dead, right after a hearty meal. The clergyman comes and tells a positive falsehood when he says: "The Lord gave and the Lord hath taken away" etc. The Almighty should bring suit for slander against such an accusation. He should say: "The Lord gave and pig, pie, pepper, pickles, potatoes, brown gravy, roast beef, oysters, lobsters, with ice cream and coffee to hold it down, puts you down. Cigars and cigarettes to complete the destruction! I have fought the tobacco business for 50 years and all forms of stimulants. I came in the world drinking milk and intend to go out the same way. Hippocrates, 400 B. C. said: "If our bodies are not thoroughly cleansed, the more we nourish them, the more we injure them." Nothing truer. If your ankles are swelling and your eyes puffed, your kidneys are failing because they are over worked and no medicine will cure it. Only diet will do it. Dr. Harvey Wiley, for over 45 years head of the Dept. of Health in Washington, said: "About 98% of all the ills that flesh is heir to could be cured or prevented by proper diet and eliminations. Dr. Kellogg agrees with him, and his rule is to eating nothing that has to die for you to live—hence no meat of any kind, or condiments. They are all injurious to the stomach. There must be a Nation wide crusade against these evils that bring on so much sickness and untold suffering and misery. Devote

more time to PREVENTION. The base Hospitals in France were soon empty when the war was over and the Hospitals in this country will see a vast decrease in patients when HEALTH is properly emphasized. TRUE. The Bible tells us that our bodies are the temple of the Holy Spirit and that if we defile the temple, him will God destroy." I Cor. 3: 16, 17. I feel impressed to enter a protest against vaccination in all its forms. It is one of the most gigantic evils of the age. Its use by compulsion is nothing less than tyranny, and must be abolished. Tell me how pumping pus from some animal into the blood stream of your child can possibly prevent any kind of disease? Sanitation and NOT vaccination has abated small pox. England, Holland, Switzerland and ALL of Australia have gone off of compulsory vaccination. 39 States in the U. S. A. have no laws about it. In 9 it is compulsory. In five it is forbidden. Many doctors are bitterly opposed to it, and the tide is rising that I trust will wipe out this evil of compulsion. A prominent physician in N. Y. C. believes it is the cause of sleeping sickness and infantile paralysis. Something to think about!

In all this fight let us adopt the R. R. sign STOP, LOOK, LISTEN. "STOP—your wicked eating. LOOK—at the marvelous cures made through natural methods and diet. LISTEN—the the voice of reason and common sense and regain or maintain a healthy body and a sound mind. RULES to follow: NEVER eat till you are hungry. Nature knows more than some doctors. Drink as much water as possible, to flush the organs of the body. Few drink enough. Take half lemon in water on rising. No sugar. Hot water is best. Some one says: "I cannot take acid as I already have so much of it in my stomach." Yes, but lemon is God's acid and your acid is the devil's acid and God's acid will kill the devil's and cleanse your stomach from that terrible condition you are suffering from. Delay breakfast as long as possible to give your organs a good rest. Fasting, at times, is good for everybody. Orange juice is perfect food, and will sustain life, if taken in large quantities. Grapes, grape fruit, raisins, dates, apricots and all kinds of fresh fruits and vegetables are health giving. Do not mix foods very much. Too much mixtures of good foods are injurious. Dizziness is caused from the poison in your stomach going to the brain, just as alcohol does and makes you drunk. Same

thing in principle. Low blood pressure, poor circulation and neuritis require the body to be kept warm at all times. Cold feet and hands are most dangerous. Put feet in hot water before going to bed. Wrap warmly. Rheumatism is caused from uric acid in the stomach which is sent out in the blood and destroys the fine oils in the joints and your joints creak like a door on its hinges with little grease. REMOVE the CAUSE by cleansing the stomach and the trouble will go away. Impaired hearing is largely caused from repeated colds. There are 3 stages of it. Colds, catarrh, and sinus which means that pus from the nose is passing down into the bone in the face and this condition is indeed deplorable. Disordered tonsils come along in the same general condition. All of these may be greatly relieved by gargling salt water and spraying it in the nose. Then dress warmly, or there is no use trying to get well. Eat as much raw food as possible. Shun starchy foods. Ripe bananas and milk make fine food ANY time. Take as little bread as possible and only whole or cracked wheat and that dried or toasted for easy digestion. Brown sugar only. No meat. It is not necessary. Animals prove that. Bury all dead things in the cemetery and not in your stomach! Poor eye sight can be greatly improved by exercising the eyes daily just as you would your body. Many remove their glasses very quickly. We abuse the eyes dreadfully by subjecting them to unnecessary strain. If interested, write for particulars. The views expressed here are those of four of the most noted health experts in the world. Only a rash or foolish person will smile or sneer at them. Countless thousands spend their lives in misery and suffering because they will not heed such advice. Reader, will you be one to go the same way? God forbid! Anything not understood in this tract, or any question you desire to ask, write me, enclosing a stamp for reply. Tract No. 2 on Health

Colds are the forerunner of all sorts of physical troubles. When the bodily temperature drops below 98 degrees, you begin to sneeze, which is a warning that a cold is coming.

Put your hands in hot water above the wrists or on the radiator, or wrap your neck to keep it warm. This raises the temperature and the cold is gone. Do this at once. Do not depend on the drug store or hospital for a cure. Pneumonia is cold air rushing into your lungs faster than it can be heated. All sorts of ills can result from this. Even T. B. and other serious throat troubles.

Hay fever and asthma are the same thing, caused from exposure and can be remedied by keeping the body thoroughly warm at all times. Flu is only a severe cold and is NOT contagious. No, No. These things do not come to a warm body at all times. Scantily-dressed women (and men) will do great harm to the race if not corrected. Women are the worst offenders. None of these things are contagious.

Arthritis and some forms of rheumatism are caused by exposing the body to cold drafts or sleeping where the cool breeze blows on you all night. The whole body must be kept warm day and night.

Poor circulation of the blood is a sure sign that it is not assimilating as it should. This leads to anemia and weakness.

Constipation is our national sin and is the root of many ills that people suffer from. No need to go to drugs for a cure. Diet by eating fruits and raw vegetables as far as possible. Prunes or raisins are wonderful in such cases. This condition was not brought on in a few weeks and will not go away quickly. Do not expect immediate cure. Hold fast to the treatment and results will surely come. Kidney, liver and gall stones are all caused by wrong eating.

Look at the wonderful people who are dropping off like leaves on a tree every day with heart attack. Dr. J. H. Kellogg says it is not a heart attack but the stomach puts the heart out of action. Dr. Harvey Wiley, head of health department in Washington, said that about 98 per cent of all physical ills could be removed by proper eating and eliminations.

Coffee, tea and all condiments are injurious and drunks are crazy about coffee. It will settle their nerves very quickly. Personally, I am a vegetarian. I have never heard of one with cancers, tumors, serious stomach troubles. Dr. Kellogg's rule was not to eat anything that had to die for him to live. Not a bad plan.

Young and old people are troubled by cramps in the lower limbs, usually at night. It is caused by laziness, and can be cured quickly and easily. Stand straight. Squat down slowly till you touch your heels, and rise slowly. Do this several times and your cramps depart. If symptoms return, do the same thing again. How about Divine healing? Yes, I believe in it, but we must use the methods that God has given us. God could give you a bath, weed your garden, but He does His part and expects you to do your part. Get out of God's way and He will heal you.

Write me for any question you may want to ask. Enclose stamped envelope for reply.

when you use **CARE...** it saves you money!

FOR YOUR CLOTHES . . .

Better care means longer wear

HANGING: Frequent pressings will be eliminated if clothes are hung up immediately after wearing. For coats and jackets, shaped wooden hangers should be used. A space between clothes will prevent wrinkles.

BRUSHING: Clothes will last longer if brushed after use. They will need less cleaning and retain their shape better. Use a medium brush for sturdy fabrics, a sponge-type brush for delicate fabrics.

PRESSING: Clothes should be pressed only when necessary, as constant pressing takes the life out of them. After pressing they should be hung and allowed to dry out thoroughly before wearing.

Better care means driving economy!
