DEPARTMENT

It is expected that over \$2 million dollars of road work will be undertaken during 1964. In addition, nearly \$10 million dollars of street improvements are currently under consideration. This figure does not include the Rideout Road project which is estimated to cost approximately \$12 million dollars and is expected to be a joint Federal, State, and City project.

At the present time there are City street programs in the amount of \$525,000 either under contract or under construction. Also under construction is the Sparkman Drive project which is being undertaken by the State at a cost of \$450,000.

In the past year the City has spent approximately \$250,000 on drainage problems. There is an extensive drainage program planned for the current year.

The City purchased an asphalt plant in 1963 and so far during the current year has resurfaced over 50 miles of city streets.

During the current year the City has constructed one bridge at a cost of approximately \$40,000 and has participated with developers in the construction of three other bridges at a cost of nearly \$660,000.

A major street construction project

Nearly 50 miles of streets were resurfaced in 1963

Chief Inspector—Richard Reynolds

An 8-story office building is going up
Over 100 subdivisions are under construction

NEW CONSTRUCTION

A construction explosion took place in Huntsville this year. Ranking 195th in population, Huntsville stood in 22nd place with six-month building activity valued at \$45.4 million. This figure is up 119 per cent from the figure for the same period in 1962. It was the sharpest gain among the top 25 construction cities. Huntsville's \$45.4 million for the first half of 1963 compares with \$42.5 million for all of 1962. Only 11 cities in the United States had more than Huntsville's \$12.2 million of construction for the month of June alone.

A total of 5,375 building permits calling for construction valued at more than \$74 million were issued during the fiscal year. This compared with 3,450 permits for a valuation of \$2.3 million in 1959.

Permits for one-family dwellings numbered 3,745. Approximately 1,232 apartment units in 178 separate buildings were issued permits.

At the close of the fiscal year, approximately 100 subdivisions were being built in the City of Huntsville, and more than 3,000 buildings were in some stage of construction.

The Arts Council Executive Committee:
 Mrs. Houston Glover, Erik Fris, Mrs. Pat Richardson,
 J. D. Nilsson, and Mrs. Pat Hamm

Temporary headquarters at West Clinton School
 RCAA Observatory on Monte Sano

Historically, Huntsville is a culturally oriented community, and many highly educated and talented people who are space- and related-industry-connected, plus many thousands of other Huntsville citizens who have a deep appreciation of the arts, have indicated an intense desire for a rich cultural environment. During the 1962-63 season, a total of 20 performances of 15 different concerts, 25 performances of 12 different plays, many showings of 5 different art exhibits, and 3 art appreciation lectures were held. Total attendance at 53 publicly sponsored cultural events in Huntsville during that season ran over 42,000. Eight thousand saw one art exhibit in one day alone. The 1963-64 season is even richer in quantity and in quality.

Sponsoring these public events are the member groups of the Arts Council. Promotion and coordination of the activities is its immediate objective. The most important long-range purpose is the development of suitable facilities that will serve its member organizations, Huntsville, and Madison County in the best possible manner. The Arts Council is actively promoting the idea of a new civic auditorium and cultural center to provide these needed facilities. It is acting as the coordinating agency in the effort to make the facilities a reality.

Participating members of the Council include: Art League, Broadway Theatre League, Chamber Music Guild, Fantasy Playhouse, Huntsville Civic Symphony, Huntsville Community Chorus, Huntsville Community Concert Association, Huntsville Little Theatre, and the Huntsville Youth Orchestra. Listed as associate members are: Civic Symphony Guild, Downtown Development Association, Grace Club Auxiliary, Junior Chamber of Commerce, Music Appreciation Group, Music Study Club, and the Society of Technical Writers and Publishers. The affiliated members are: Huntsville Library Board; Russell Gerhart, Conductor, Civic Symphony; and Kenneth Turvey, Conductor, Community Chorus.

Another educational group supported by the City of Huntsville is the Rocket City Astronomical Association, headed by Dr. Werhner von Braun. This Association has one of the finest and largest reflector telescopes in the South in its observatory on Monte Sano Mountain.

Frances Cabaniss Roberts Collection

Preferred Citation: Frances Cabaniss Roberts Collection, Archives and Special Collections, M. Louis Salmon Library, University of Alabama in Huntsville, Huntsville, AL.

Collection Scope and Content: The Collection of 114 Linear ft. includes a total of 156 Archival Boxes. The Frances Cabaniss Roberts collection covers the historical records of the Cabaniss Roberts family. This collection contains extensive correspondence records of the Cabaniss Roberts family circa 1830 to 1930.

Archives/Special Collections Access Restrictions: None

Conditions Governing Use: This material may be protected under U. S. Copyright Law (Title 17, U.S. Code) which governs the making of photocopies or reproductions of copyrighted materials. You may use the digitized material for private study, scholarship, or research. Though the University of Alabama in Huntsville Archives and Special Collections has physical ownership of the material in its collections, in some cases we may not own the copyright to the material. It is the patron's obligation to determine and satisfy copyright restrictions when publishing or otherwise distributing materials found in our collections.

Provenance: Gift of Johanna Shields on October 28, 2006.
