DOBBINS' ELECTRIC SOAP

THE BEST FAMILY SOAP IN THE WORLD.

STRICTLY PURE. UNIFORM IN QUALITY.

THE original formula for which we paid \$50,000 twenty years ago has never been modified or changed in the slightest. This SOAP IS IDENTICAL IN QUALITY TO-DAY WITH THAT MADE TWENTY YEARS AGO.

It contains NOTHING THAT CAN INJURE THE FINEST FABRIC. It brightens colors and bleaches whites.

It washes flannels and blankets as no other soap in the world does—without shrinking—leaving them soft and white and like new.

READ THIS TWICE.

THERE is a great saving of time, of labor, of soap, of fuel, of the fabric, where Dobbins' Electric Soap is used ACCORDING TO DIRECTIONS.

ONE TRIAL will demonstrate its great merit. It will pay you to make that trial.

LIKE all best things, it is extensively imitated and counterfeited.

BEWARE OF IMITATIONS.

INSIST upon DOBBINS' Electric. Don't take Magnetic, Electro-Magic, Philadelphia Electric, or any other fraud, simply because it is cheap. They will ruin clothes, and are dear at any price. Ask for DOBBINS' ELECTRIC and take no other. Nearly every grocer from Maine to Mexico keeps it in stock. If yours hasn't it, he will order from his nearest wholesale grocer.

READ carefully the inside wrapper around each bar, and be careful to FOLLOW DIRECTIONS on each outside wrapper. You cannot afford to wait longer before trying for yourself this old reliable and truly wonderful

 When storms after storms in succession appear,
 And old people note whether wrong or right,

 Winter will take another flight -
 And the "very old Nick" will be to pay.

PURE MILK AND WHERE TO GET IT.

Families desiring absolutely PURE MILK, selected from the choicest Dairies in Worcester and Dutchess Counties, are invited to
examine the Model Establishments of

ASH & ESSLER,
Located at Nos. 127 and 129 East Fifty-third Street, between Lexington and Fourth Avenues.

The following are among the Editorial endorsements of Messrs. Ash & Essler:

GOOD MILK.
(From Home Journal.)
There are few everyday interests which so directly concern the health of the family as the business of the milkman. To deprive us of the staple he serves would be thought a great loss to most of us, certainly to our children, for upon it their proper sustenance largely depends. When we consider the many complaints made by the poor and people regarding impure milk, and the numerous diseases resorted to by unscrupulous dealers to impose upon the community an impure article, it becomes a matter of importance to know with whom we are dealing. In this connection it is a pleasure to refer to Messrs. Ash & Essler, Nos. 127 and 129 East Fifty-third Street, as gentlemen of unquestionable integrity and long experience in the milk business. This firm serve milk obtained exclusively from the choicest Dairies of Worcester and Dutchess Counties, and they invite the closest inspection of every department of their business, from the time the cows are fed until the milk is delivered at the residences of the thousands of families they supply. Carefulness with them is made a special feature, and in every branch of their business the utmost care is taken in the handling of the milk. Mr. Bergh has probably done more than any other man to call the attention of the public to the proper feeding of cows, in order that we may have a supply of pure milk; and it is a high compliment to the Messrs. Ash & Essler to know that they are fully endorsed by his society's paper. A supply of pure milk is a matter of such importance that the commending of those engaged in its distribution is a subject of public interest.

PURE MILK.
(From Our Animal Friends, the official organ of Mr. Bergh's Society.)
In looking over the columns of the American Cheese we notice a very handsome editorial reference to Messrs. Ash & Essler, 127 East Fifty-third Street, who serve milk to their numerous customers which is of unquestionable excellence and purity. It affords us pleasure to endorse all that the Cheese says with regard to the standing of Messrs. MAY.

In Childhood's Happy Hour.
"For I'm to be Queen of the May and her"
Says the song you've often heard,
In the days when we were young, frolic,
And a thrill in our bosoms it stirred,
In those happy days, the first of May,
Brought pleasure as pure as pearls
As we gaily tramped through the woody wood,
Or danced in the glades with the girls.

One Old Time Friend Left.
But now "Old Time" has become the name,
Our number is made in the name
Of a man; no May Queen; a friend gone,
Laid to rest in Greenwood's tower.
Now if "Maying" I go, in enthusiasm I say,
Or a lighthouse I choose to adore,
And the only man I seek, - by the way
Is my old friend, Johnson's Anodyne.
Linnell.

WHEN OTHERS FAIL.
A friend in need is Johnson's Anodyne Linnell.
"Have families should have it and use it."
"I could not get my head on, but Johnson's
Anodyne Linnell cured my rheumatic pains."
"Many years have gone since a good family doctor
Directed Johnson's Anodyne Linnell."
Johnson's Anodyne Linnell is directed.
"Johnson's Anodyne Linnell, prevented my
death from bronchitis," writes an ardent friend.
When once used, you will like others, call for
Johnson's Anodyne Linnell, and nothing else.
Weak lungs are strengthened by Johnson's
Anodyne Linnell, as directed with each bottle.
Ask your nearest dealer. Illustrated pamphlet

Perhaps this little Magazine will fall into the hands of some who are not parents. To all these we ask "will you think of the name of some bright faced little girl who has caught your fancy or excited your interest, and remail it to her. A moment's time and a two cent stamp will bring to the child you favor many happy moments."

THE DOLL'S DRESSMAKER.

TO MOTHERS.

The material with which your little ones are clothed is less a matter of choice than the food with which they are fed. Indeed, there is no choice. The skin *breathes, digests, and excretes*. The garment worn next to it should *promote, not obstruct nor impede*, these vital functions. Wool is the only material that does this.

This important fact was demonstrated over a hundred years ago by that *prince of science*, the illustrious *Count Rumford*. He then wrote: "I am confident that if [wool worn next the skin] would prevent a multitude of diseases."

Dr. JAEGER has provided a woolen fabric that meets all the requirements of a perfectly healthful and comfortable clothing for men, women and children. Every truly enlightened physician recommends it.

That mother is wise who adopts it for her little ones. Though fashion may determine the question of her own dress, it has no claim paramount to the welfare of her child.

"I am confident," says Count Rumford, "that it [the wearing of flannel] will greatly contribute to health, and consequently to all the other comforts and enjoyments of life."

A recent writer, addressing the Jaeger Company, says: "I expect to wear it [the Jaeger flannel] as long as I live, and to live the longer for wearing it."

Mothers: Send for, and read the explanatory pages of the Catalogue of the Dr. JAEGER'S SANITARY WOOLEN SYSTEM COMPANY, 527 and 529 Broadway, New York.

THE PRETTY VILLAGE.

* * *

This game or amusement is one of the most handsome and entertaining novelties ever offered. Within the enclosure an entire village of pretty cottages, villas, churches, stores, etc., all in a variety of colors, can be built up; a regular little city, suitable for young misses between 6 and 10 years. By special arrangement with the manufacturer, we offer in two sizes, the larger as a premium for ten yearly subscribers; the smaller for five yearly subscribers to *THE DOLL'S DRESSMAKER*.

THE GREAT MEDICINAL FOOD

It is the testimony of thousands of mothers who have brought up their children on IMPERIAL GRANUM that this preparation for infants' diet is successful where many others fail. It has been on the market for many years, and its sales are constantly increasing, and it is used as a food for invalids and aged as well as infants. The greatest care is taken to have the product absolutely uniform. The fact that physicians almost universally recommend IMPERIAL GRANUM is sufficient proof of its standard quality.—*The Christian Union, N. Y., July 4, 1889.*

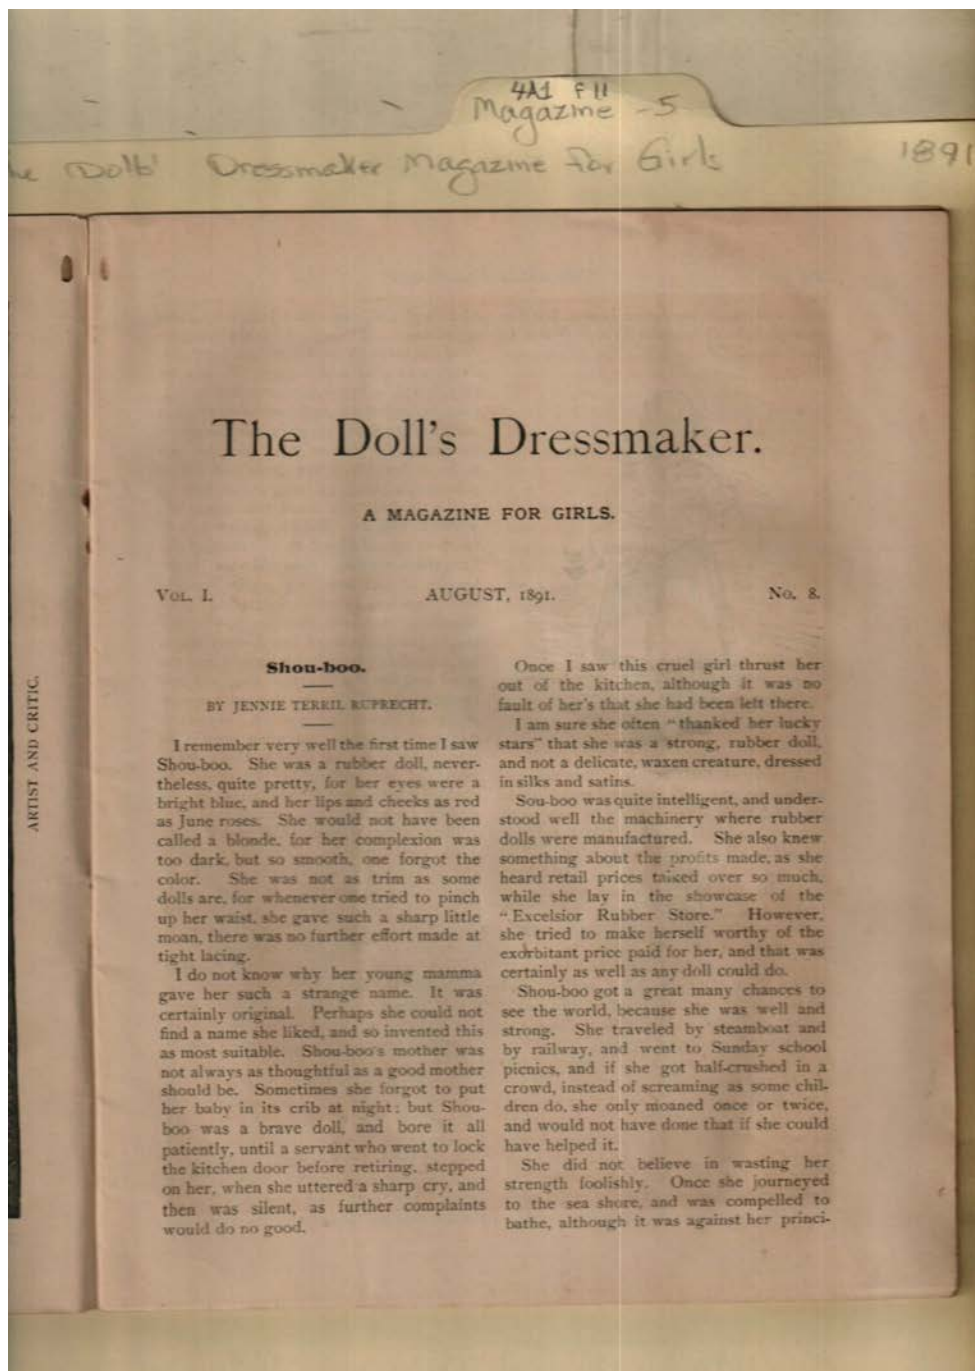

IMPERIAL GRANUM, the invaluable food for children and invalids, is in constant use, not only in the hospital, but in the families of various members of the *Chicago Staff*, and has shown its superior value many times. One dear invalid in particular, who has great difficulty in assimilating food, finds IMPERIAL GRANUM almost her sole resort among the sources of nourishment. Thousands have been helped back to strength by the support rendered by this easily digested and palatable food.—*The Courier, Mass., State Hospital Cottages for Children, Aug., 1889.*

PURE MILK AND WHERE TO GET IT.

Families desiring absolutely PURE MILK, selected from the choicest Dairies in Westchester and Dutchess Counties, are invited to
examine the Model Establishment of

ASH & ESLER,
Located at Nos. 127 and 129 East Fifty-third Street, between Lexington and Fourth Avenues.

The following are among the Editorial endorsements of Messrs. Ash & Esler:

GOOD MILK.
(From Home Journal.)
There are few everyday interests which so directly concern the health of the family as the business of the milkman. To deprive us of the
milk he serves would be thought a great loss to most of us, certainly to our children, for upon it their proper nourishment largely depends.
When we consider the many complaints made by the press and people regarding impure milk, and the common devices resorted to by unscrupulous
vendors to impose upon the consumer, the necessity of a "reliable article," becomes a matter of importance to know with whom we are dealing. In this
connection it is a pleasure to refer to Messrs. Ash & Esler, Nos. 127 and 129 East Fifty-third Street, as purveyors of unquestionable integrity
and long experience in the milk business. This firm serves milk obtained exclusively from the choicest Dairies of Westchester and Dutchess
Counties, and they take the closest inspection of every department of their business, from the time the cows are fed until the milk is delivered
at the residences of the thousands of families they supply. Carefulness with them is made a special feature, and in every branch of their business
the utmost care is taken in the handling of the milk. Mr. Bergh has probably done more than any other man to call the attention of the
public to the proper feeding of cows, in order that we may have a supply of pure milk; and it is a high compliment to the Messrs. Ash & Esler
to know that they are fully sustained by his worthy's paper. A supply of pure milk is a matter of such importance that the recommending of
those engaged in its distribution is a matter of public interest.

PURE MILK.
(From the American Journal, the official organ of Mr. Bergh's Society.)
In looking over the columns of the American Journal we notice a very handsome editorial reference to Messrs. Ash & Esler, 127 East Fifty-
third Street, who serve milk to their numerous customers, which is of unquestionable excellence and purity. It affords us pleasure to endorse all
that the Journal says with regard to the standing of Messrs. Ash & Esler, and we unhesitatingly recommend our friends to them as purveyors of
the very highest integrity in their business.

PURE MILK IN THE CITY.
(From Ralph.)
There are many honest milkmen in New York City. Ash & Esler, 127 and 129 East Fifty-third Street, are well recommended by Mr.
Bergh's Society and others.

TO MOTHERS.

The material with which your little ones are clothed, is less a matter of choice than the food with which they are fed. Indeed, there is no choice. The skin *breasts*, *digests*, *excretes*. The garment worn next to it should *promote*, not *obstruct* nor *impede*, these vital functions. Wool is the only material that does this.

This important fact was demonstrated over a hundred years ago by that *prince* of science, the illustrious *Count Rumford*. He then wrote: "I am confident that if [wool worn next the skin] would prevent a multitude of diseases."

Dr. Jager has provided a woolen fabric that meets all the requirements of a perfectly healthful and comfortable clothing for men, women and children. Every truly enlightened physician recommends it.

That mother is wise who adopts it for her little ones. Though fashion may determine the question of her own dress, it has no claim paramount to the welfare of her child.

"I am confident," says Count Rumford, "that it [the wearing of flannel] will greatly contribute to health, and consequently to all the other comforts and enjoyments of life."

A recent writer, addressing the Jager Company, says: "I expect to wear it [the Jager flannel] as long as I live, and to live longer for wearing it."

Mothers: Send for, and read the explanatory pages of the Catalogue of the DR. JAGER'S SANITARY WOOLEN SYSTEM COMPANY, 227 and 229 Broadway, New York.

Some merchants get the best they can; some get the meanest they can.

Your dealer in lamp-chimneys--what does he get for you?

There are common glass and tough glass, tough against heat. There are foggy and clear. There are rough and fine. There are carefully made and hap-hazard.

You can't be an expert in chimneys; but this you can do. Insist on Macbeth's "pearl top" or "pearl glass" which ever shape you require. They are right in all those ways; and they do not break from heat, not one in a hundred.

Be willing to pay a nickel more for them.

It is the testimony of thousands of mothers who have brought up their children on IMPERIAL GRANUM that this preparation for infants' diet is successful where many others fail. It has been on the market for many years, and its sales are constantly increasing, and it is used as a food for invalids and aged as well as infants. The greatest care is taken to have the product absolutely uniform. The fact that physicians almost universally recommend IMPERIAL GRANUM is sufficient proof of its standard quality. -- *The Christian Union, N. Y., July 4, 1889.*

IMPERIAL GRANUM, the invaluable food for children and invalids, is in constant use, not only in the hospital, but in the families of various members of the Cottage Staff, and has shown its superior value many times. One dear invalid in particular, who has great difficulty in assimilating food, finds IMPERIAL GRANUM almost her sole resort among the sources of nourishment. Thousands have been helped back to strength by the support rendered by this easily digested and palatable food. -- *The Cottage, Mass., State Hospital Cottages for Children, Aug., 1889.*

THE DOLL'S DRESSMAKER.

A Beautiful Christmas Gift.

ONE of the Daintiest dolls ever imported; dressed in pure white, with long, curly, golden hair and "human eyes." The head is movable and can be turned in natural positions. The face and neck are of the finest *bisque*. The arms and legs are jointed and can be moved in any position. This beautiful doll wears an elaborate walking costume made in the latest style. The long white coat and large shirred bonnet are very "swell" and the dainty

white muff puts a finishing touch to her *toilette*. "Snowball" measures 18½ inches, which is over half a yard. I have no hesitation in recommending this doll to my friends and patrons, for I know that dolls of similar quality and beauty would bring five dollars at the shops. Christmas is near at hand, and it is time to plan the presents one would give. Nothing is more pleasing to a little girl than a beautiful dressed doll.

Dobbins' Electric Soap

Is for sale everywhere, and has since 1869 been
acknowledged by all to be

The Best Family Soap in the World.

Its quality has never been changed since we first made it. We ask every woman using it to save all the *Outside Wrappers*, and donate them to her favorite Religious or Charitable institution, *no matter what denomination*, anywhere in the United States, as we have promised to pay these institutions cash for all the *Outside Wrappers* of our soap they will collect and send to us. This will give needed financial assistance to worthy charities, at no expense to you. We propose to thus donate at least one hundred thousand dollars a year. Among hundreds of worthy institutions are all the "Little Sisters of the Poor," Orphan Asylums, Sisters of Charity, Hospitals, Women's Relief Corps, G. A. R. or S. of V., Soldiers' Homes, "The King's Daughters" Circles, Y. M. C. A. Building Fund, etc.

The Housekeeper will find on a trial, *according to directions*, that the washing does not require **HALF THE QUANTITY** of DOBBINS' ELECTRIC SOAP that it does of *any other*; that there is a great saving of time and labor in its use; that it saves the wear and tear of the clothes on the washboard, and does not cut or rot them to pieces, or hurt the hands, as adulterated soaps do.

It Disinfects Clothes Washed With It,

leaving them thoroughly cleansed and sweet, instead of adding a foul odor of rosin and filthy grease.

☞ It washes flannels *without shrinking*, leaving them soft and nice.

PURE MILK AND WHERE TO GET IT.

Families desiring absolutely PURE MILK, selected from the choicest Dairies in Worcester and Danvers Counties, are invited to
examine the Model Establishment of

ASH & ESLER,
Located at Nos. 127 and 129 East Fifty-third Street, between Lexington and Fourth Avenues.

The following are among the Editorial endorsements of Messrs. Ash & Esler:

GOOD MILK.
(From Home Journal.)

There are few every-day matters which so directly concern the health of the family as the business of the milkman. To neglect as of the staple he serves would be thought a great loss to most of us, certainly to our children, for upon it their proper nourishment largely depends. When we consider the many complaints made by the young and people regarding impure milk, and the numerous devices resorted to by unscrupulous dealers to improve upon the commodity in impure articles, it becomes a matter of importance to know with whom we are dealing. In this connection it is a pleasure to refer to Messrs. Ash & Esler, Nos. 127 and 129 East Fifty-third Street, as gentlemen of unquestionable integrity and long experience in the milk business. The firm serves milk obtained exclusively from the finest dairies of Worcester and Danvers Counties, and they invite the closest inspection of every department of their business, from the time the cows are fed until the milk is delivered at the residences of the thousands of families they supply. Carefulness with them is made a special feature, and in every branch of their business the utmost care is taken in the handling of the milk. Mr. Esler has probably done more than any other man to call the attention of the public to the proper feeding of cows, in order that we may have a supply of pure milk; and it is a high compliment to the Messrs. Ash & Esler to know that they are fully endorsed by his society's paper. A supply of pure milk is a matter of such importance that the commanding of those engaged in its distribution is a subject of public interest.

PURE MILK.
(From Our Animal Friends, the official organ of Mr. Berg's Society.)

In looking over the columns of the *American Cheese* we notice a very handsome editorial reference to Messrs. Ash & Esler, 127 East Fifty-third Street, who serve milk to their numerous customers which is of unquestionable evidence and purity. It affords us pleasure to endorse all that the *Cheese* says with regard to the standing of Messrs. Ash & Esler, and we unhesitatingly recommend our friends to them as gentlemen of the very highest integrity in their business.

PURE MILK IN THE CITY.
(From Halcyon.)

There are many honest milkmen in New York City. Ash & Esler, 127 and 129 East Fifty-third Street, are well recommended by Mr. Berg's Society and others.

THE DOLL'S DRESSMAKER.

TO MOTHERS.

The material with which your little ones are clothed, is less a matter of choice than the food with which they are fed. Indeed, there is no choice. The skin breathes, digests and excretes. The garment worn next to it should permeate, not obstruct nor impede, these vital functions. Wool is the only material that does this.

This important fact was demonstrated over a hundred years ago by that prince of science, the illustrious Count Rumford. He then wrote: "I am confident that if [wool worn next the skin] would prevent a multitude of diseases."

Dr. JAEGER has provided a woolen fabric that meets all the requirements of a perfectly healthful and comfortable clothing for men, women and children. Every truly enlightened physician recommends it.

That mother is wise who adopts it for her little ones. Though fashion may determine the question of her own dress, it has no claim paramount to the welfare of her child.

"I am confident," says Count Rumford, "that it [the wearing of flannel] will greatly contribute to health, and consequently to all the other comforts and enjoyments of life."

A recent writer, addressing the Jaeger Company, says: "I expect to wear it [the Jaeger flannel] as long as I live, and to live the longer for wearing it."

Make a note. Send for, and read the explanatory pages of the Catalogue of the DR. JAEGER'S SANITARY WOOLEN SYSTEM COMPANY, 827 and 829 Broadway, New York.

Some merchants get the best they can; some get the meanest they can. Your dealer in lamp-chimneys--what does he get for you? There are common glass and tough glass, tough against heat. There are foggy and clear. There are rough and fine. There are carefully made and hap-hazard. You can't be an expert in chimneys; but this you can do. Insist on Macbeth's "pearl top" or "pearl glass" which ever shape you require. They are right in all those ways; and they do not break from heat, not one in a hundred. Be willing to pay a nickel more for them.

THE DOLL'S DRESSMAKER.

A Beautiful Christmas Gift.

ONE of the Daintiest dolls ever imported; dressed in pure white, with long, curly, golden hair and "human eyes." The head is movable and can be turned in natural positions. The face and neck are of the finest *bisque*. The arms and legs are jointed and can be moved in any position. This beautiful doll wears an elaborate walking costume made in the latest style. The long white coat and large shirred bonnet are very "swell" and the dainty

white muff puts a finishing touch to her *toilette*. "Snowball" measures 18½ inches, which is over half a yard. I have no hesitation in recommending this doll to my friends and patrons, for I know that dolls of similar quality and beauty would bring five dollars at the shops. Christmas is near at hand, and it is time to plan the presents one would give. Nothing is more pleasing to a little girl than a beautiful dressed doll.

JENNIE WREN'S "SNOWBALL" DOLL.

Price, . . . (The Receiver to pay the Expressage.) . . . \$3.00

Dobbins' Electric Soap

Is for sale everywhere, and has since 1869 been
acknowledged by all to be

The Best Family Soap in the World.

Its quality has never been changed since we first made it. We ask every woman using it to save all the *Outside Wrappers*, and donate them to her favorite Religious or Charitable institution, *no matter what denomination*, anywhere in the United States, as we have promised to pay these institutions cash for all the *Outside Wrappers* of our soap they will collect and send to us. This will give needed financial assistance to worthy charities, at no expense to you. We propose to thus donate at least one hundred thousand dollars a year. Among hundreds of worthy institutions are all the "Little Sisters of the Poor," Orphan Asylums, Sisters of Charity, Hospitals, Women's Relief Corps, G. A. R. or S. of V., Soldiers' Homes, "The King's Daughters" Circles, Y. M. C. A. Building Fund, etc.

The Housekeeper will find on a trial, *according to directions*, that the washing does not require HALF THE QUANTITY of DOBBINS' ELECTRIC SOAP that it does of *any other*; that there is a great saving of time and labor in its use; that it saves the wear and tear of the clothes on the washboard, and does not cut or rot them to pieces, or hurt the hands, as adulterated soaps do.

It Disinfects Clothes Washed With It,

leaving them thoroughly cleansed and sweet, instead of adding a foul odor of rosin and filthy grease.

☞ It washes flannels *without shrinking*, leaving them soft and nice.

Respectfully,

I. L. CRAGIN & Co.,

PURE MILK AND WHERE TO GET IT.

Families desiring absolutely PURE MILK, selected from the choicest dairies in Worcester and Dutchess Counties, are invited to examine the Model Establishment of

ASH & ESSLER,
Located at Nos. 127 and 129 East Fifty-third Street, between Lexington and Fourth Avenues.

The following are among the editorial endorsements of Messrs. Ash & Essler:

GOOD MILK.
(From Home Journal.)

There are few every-day interests which so directly concern the health of the family as the business of the milkman. To deprive us of the staple he serves would be thought a great loss to most of us, certainly to our children, for upon it their proper nourishment largely depends. When we consider the many complaints made by the press and people regarding impure milk, and the numerous diseases suggested to by unscrupulous dealers to impose upon the community an impure article, it becomes a matter of importance to know with whom we are dealing. In this connection it is a pleasure to refer to Messrs. Ash & Essler, Nos. 127 and 129 East Fifty-third Street, as gentlemen of unquestionable integrity and long experience in the milk business. This firm serves milk obtained exclusively from the choicest dairies of Worcester and Dutchess Counties, and they invite the closest inspection of every department of their business, from the time the cows are fed until the milk is delivered at the residences of the thousands of families they supply. Conditions with them is made a special feature, and in every branch of their business the utmost care is taken in the handling of the milk. Mr. Bergh has probably done more than any other man to call the attention of the public to the proper feeding of cows, in order that we may have a supply of pure milk; and it is a high compliment to the Messrs. Ash & Essler to know that they are fully endorsed by his society's paper. A supply of pure milk is a matter of such importance that the commanding of those engaged in its distribution is a subject of public interest.

PURE MILK.
(From Our National Friends, the official organ of Mr. Bergh's Society.)

In looking over the columns of the *American Queen* we notice a very handsome editorial reference to Messrs. Ash & Essler, 127 East Fifty-third Street, who serve milk to their numerous customers which is of unquestionable excellence and purity. It affords us pleasure to endorse all that the *Queen* says with regard to the standing of Messrs. Ash & Essler, and we unhesitatingly recommend our friends to them as gentlemen of the very highest integrity in their business.

PURE MILK IN THE CITY.
(From Saturday.)

There are many honest milkmen in New York City. Ash & Essler, 127 and 129 East Fifty-third Street, are well recommended by Mr. Bergh's society and others.
