## OUR GUARANTEE.

We guarantee all our kid Gloves against manufacturer's Imperfections, and will replace (by a new pair) all imperfect gloves that are returned WITHOUT SHOWING SIGNS OF WEAR. Gloves that have been worn or torn by carelessness we cannot change. Arm one inch higher than the low-arm machine, self-setting needle, self-threading shuttle, automatic bobbin winder, automatic tension release, bed plate counter sunk in table, 6 drawers. The needle is self-setting and the stitch is a double thread lock stitch, and the machine can be made to make either a short or long stitch by simply regulating a thumb screw attached to the arm.  
 The materials used for the cabinet are either walnut or oak, entirely new and finished in the best possible manner. They are the best and lightest running machines on the market, the stand is made of the best material and the balance wheel is on the inside of the casing and is adjusted on two casters, the object of which is to give a more steady motion, also to facilitate the light running qualities.  
 We wish it understood that our High-Arm Machines are in every way first-class, and cost just as much to manufacture as any machine in the market. We therefore wish to warn our patrons against dealers handling other styles who will sell you our machines at a profit of cheap materials, and resort to all sorts of misrepresentations in order to make a sale.  
 Read This.—To show our confidence in our "Champion" Sewing Machines, we make the following offer: Machines ordered by freight or express, and paid for, may be returned if unsatisfactory, after thirty days' trial, and money will be refunded.
