Need for similarity of construction/design styles in respective neighborhoods or business zones.

Lack of public understanding regarding current zoning policies and the current planning process.

Inaccessibility of some, existing park space as well as a need to upgrade or expand park facilities in certain locales.

Absence of a plan to ensure the creative and aesthetically pleasing usage of land and space immediately proximate to the new I-565 highway.

Lack of a policy which encourages recycling or expands the utilization of biodegradable materials.

Need for a municipal policy to foster more "blue space" via underground utilities.
