7 Box 6
ITEM 51

TARCOG HISTORICAL SURVEY
Final Report Form

Make your answers as concise as possible.

Number as appears on your county map 52

1. Name of site or structure William A. Austin Home

2. Location of site or structure (including township, range and section number, and which quadrant of section if known) 4.5 mi. W. on Jackson Co. road from Stevenson railroad depot; Big Coon Road

3. ~~Description~~
~~known to be pre-1860, but date not determined; architectural evidence indicates the house is transix between late Greek Revival & early Victorian. Green Rev. features include the mantles, two-panel doors, sash types, trim shapes and general configuration. The porch was added, as evidenced by the broken brick ends at the porch supports (rather than deliberately-left openings). The porch appears to have been added on in the late 19th century and later still cut down to it's present width. The original Victorian feature is the internal chimneys, rather than the end-chimneys typical of earlier periods.~~

4. Historical significance of site or structure if known Architectural evidence would date this house as circa 1850. It is a fine house and should be restored. The stone kitchen may pre-date the house.
