reverse twin (except trim)
of 801 E. Clinton

photo Dec 83

↳ porch was enclosed later
Wall has imprint of turned
wood col. like 805.

asphalt shingles (siding)
added later - 1950's perhaps
Brick under porch = later

These 2 hses built to same plan (porch larger
on 805) HTHF tried to save 801 in Dec '83 but
owner (Church of the Nazarene) wouldn't delay demol.
for fear of losing their zoning variance to build a
metal pre-fab bldg. on the 801 lot. Possibly could
have found a buyer to move hse if had known
earlier about demol.

A. Jones

P.S. - 801 was moved to Dog Hill Rd., east of Av., & renovated
by an English couple, in 1984.
805 gone by 1994 (where?)
