Was to be moved to  
the Huntsville Depot Museum  
& restored as a modest worker's  
house of the late Vic. Period.  
Mary Drakney, "the wicked witch  
of the west", intervened & stopped it,  
& had the house demolished.

The house was  
easily restorable  
& appropriate  
for the museum.  
H. Jones.

P.S. - Mary Drakney  
- head of the City  
Community Develop. -  
later "resigned" -  
under a dark  
cloud!
