

Faith Presb. Ch.  
 S.E. Corner of Jones Drive & Whitesburg Dr.  
 JH Arch. (except C.R. Bldg.) - HJ  
 Fellowship H&M c.1990  
 Smt. c.1988

#4. Fellowship H&M - c.1990

← Smt. c.1988

c.1990 tornado demolished the c.1960 Fellowship H&M, & damaged (w/ ruin) the c.1960 classroom bldg. to about 90% degree.

Damaged the c.1988 Rec. Bldg. to about 60% degree.

Blew steeple off c.1988 Smt., damaged shingles & glass.

1960's work by Evans arch. (Davis, Spulke & Throckmole?)

Tornado killed 22 people in about 1/2 mile Airport Blvd stretch.

JH donated design for tornado victims memorial at intersections.

During the Smt. planning, one Church Committee member (NASA exp.) questioned the Smt. struct. design & wanted an elaborate "dynamic analysis" done on a supercomputer. However in the tornado the C.R. bldg.

(c.1960) Behind the Smt. was 90% demolished, of the Smt. only lost its steeple.
