DEMOLISHED BY CENTRAL PRESS, "CA" c. 1981
 "BECAUSE IT BLOCKS THE VIEW OF THE CHURCH"

LINCOLN ST.

c. 1914 Freeman Hse.
 As of 1985 the "church" is
 also trying to get rid of
 it, reportedly for a
 parking lot

At this time, the Historic Commission could only delay demolition, not deny it.
 This "church" promised to build an elaborate garden on the site &
 presented a detailed plan by Harold Harbinger, landscape arch.
 This of course was never built. A cynical bunch for a "church".
