INSTRUMENT DEVELOPMENT SECTION
TEST DIV. MSFC

Date ----- Doc. No. -----

XII. 8

- MI-E-2 Development of a Temperature Rise Indicator, Nov. 1960.
- MI-E-3 Development of Multiplexors for Data Systems, Jan. 1961.
- MI-E-4 Applications of Sampling Theorems. Jan. 1961.
- MI-E-5 Development of a Seismic Displacement Transducer. Feb. 1961.
- MI-E-6 Errors Involved in Conversion of Acceleration Data Measurements to Displacement Data. April, 1961.
- MI-E-7 Development of an Attitude Indicator for Seagoing Vessels, Sept 1961.
- MI-E-8 Measurements of Cable Impedance, Attenuation, and Frequency Response. Oct. 1961.
- MI-E-9 Evaluation of Dynamics Amplifier Model 6083. Oct. 1961.
- MI-E-10 Development of a Portable Accelerometer Calibrator. Jan. 1962.
- MI-E-11 Calibration of Piezoelectric Accelerometer Measuring Systems. Jan. 1962.
- MI-E-12 Development of a Continuity Monitor for Thermocouple Circuits. May, 1962.
- MI-E-13 Development of a 240 CPS Portable Accelerometer Calibrator. June 1962.
- MI-E-14 Development of a 2 channel Multiplex System. June 1962.
- MI-E-15 Evaluation of Electro-Scientific Charge Amplifier, Model ES-670. July 1962.
- MI-E-16 Development of a Continuous Liquid Level Measuring System. Oct 1962.
- MI-E-17 Noise and Bandwidth Characteristics of Cables at Audio Frequencies. Nov. 1962.
- MI-E-18 Development of a Heavy Duty Cathode Follower. Nov. 1962.
- MI-E-19 Development of a Precision Voltage Source for Calibration of Vibration Measuring Systems. Nov. 1962.
- MI-E-20 Evaluation of Endeveco Charge Amplifiers, Models 2620 & 2641MI. Feb. 1963.
- MI-E-21 Evaluation of the "Driven Shield" Triaxial Cable Circuit in Piezoelectric Accelerometer Systems. Feb. 1963.
- MI-E-22 Evaluation of the Minneapolis-Honeywell Liquid Level System, Series T1. April 1963.
- MI-E-23 Evaluation of the Electronic Servo Bendix Liquid Level System, TP-3-87187. April 1963.
- MI-E-24 Evaluation of Kintel 114A Differential Amplifier, April 1963.
- MI-E-25 Evaluation of "Polyfoam" Dielectric Coaxial Cable. April 1963.
- MI-E-26 Characteristics of Piezoelectric Microphones in High Temperature Environments. June 1963.

Cathode Followers and Feedback Amplifiers with High Capacitance Loads. April 1960.

Voltage-to-Digits Conversion with Relays. Jan. 1961.

DTI-TR-1-58(ABMA) High Accuracy Liquid Level System. July, 1958.

Electronic Techniques in Liquid Level Measurement, 1957.
