IN REPLY REFER TO: PM-DIR

MAR 20 1969

Mr. David L. Christensen
University of Alabama Research Institute
P.O. Box 1247
Huntsville, Alabama 35807

Dear Mr. Christensen:

In answer to your letter of February 18, 1969, I am enclosing three papers which I hope will be helpful to you. I have no record of the May 1965 and July 1965 papers with titles you requested, but I believe the enclosed papers are the ones you are seeking. Each of these papers was used as a public speech, hence the handwritten notations which I added personally.

I appreciate the work you are doing on the history of the Saturn Program. If you need further help from me or my staff, I suggest you contact Marvin Bullington or Dan Walker, 453-0500, who have access to other records and documents that you may be interested in reviewing.

Sincerely,

for James E. Bradford
