## GENERAL INFORMATION

### 1. ACCESS TO MSFC SUBSCRIBER TELEPHONE SERVICE:

- a. **On-MSFC Five Digit Dialing**  
MSFC Subscribers may call another on-MSFC subscriber by dialing the five digits listed in the directory.
- b. **Off-MSFC Access To MSFC Telephone**  
Any MSFC telephone may be called from off-MSFC by dialing "453" followed by the four digit extension listed in the directory.
- c. **Transfer of Incoming Calls**  
Incoming (off-MSFC) calls may be transferred from one on-MSFC number to another. To contact the operator for call transfer: slowly depress, then release the receiver hook or button until the operator answers. The operator will transfer the call as requested.

### 2. DIRECTORY SERVICE:

- a. This directory is published in six sections as follows:

SECTION I	Organizational Directory
SECTION II	MSFC Personnel Listing
SECTION III	MSFC Contractors (In-House)
SECTION IV	MSFC Employees at: MAF, MTF, and Contractor Plants
SECTION V	NASA Installations and Facilities
SECTION VI	Classified Section

- b. **NOTICE:** This Directory is compiled from information furnished by organizations and individuals through their respective telecommunications coordinators. It is only as accurate as the information furnished. Did you furnish correct information? Corrections, additions and deletions should be submitted on MSFC Form 2683 to telephone directory clerk, Building 4207 (A&TS-MS-C).

### 3. NON-OFFICIAL CALLS:

Under emergency conditions, non-official long distance calls may be placed from government telephones provided appropriate billing instructions are given to the long distance operator. Instruct the operator:

1. Bill the charge to your residence telephone.
2. Bill the charge to your personal Bell System credit card.
3. Request the call be made collect.

Personal use of government billing codes or telephone facilities is a violation of the "U. S. Criminal Code," Title 18, Section 641, and violators may be prosecuted.

### 4. TELEPHONE SERVICE REQUESTS:

- a. Plan your telephone service at the same time you plan your office move. This will assist us in giving you better telephone service. Assistance in planning your telephone moves can be obtained by calling 3-3450.
- b. Request for installation, movement or removal of telephone lines or equipment will be submitted on Standard Form 145 (Order for Telephone Service), in quadruplicate. An office diagram should be attached to Standard Form 145 on any request which involves four or more telephones. All such requests shall be signed by the Director, Deputy Director, or Telecommunications Coordinator of the laboratory or office of origin, and forwarded to the Communication Operations Branch A&TS-MS-CO.

### 5. TO REPORT A FIRE:

- a. Marshall Space Flight Center (Redstone Arsenal)
  - (1) Dial 117
  - (2) Give location as precisely as possible.
  - (3) Remain on telephone until the fire station representative has all necessary information.
- b. Marshall Space Flight Center (downtown Huntsville) Dial 9-536-6372.

### 6. MSFC CENTREX SYSTEMS:

The MSFC Centrex Systems are leased services which provide telephone service to MSFC elements and specified contractors.

- a. Centrex subscribers with an 842 prefix may call each other by dialing the last four digits of the listed number.
- b. Centrex subscribers with a 453 prefix may call each other by dialing 3 plus the last four digits of the listed number.
- c. Centrex subscribers with an 895 prefix may call each other by dialing 5 plus the last four digits of the listed number.

### 7. FEDERAL TELECOMMUNICATIONS SYSTEM:

The Federal Telecommunications System (FTS) is a Government network of leased long distance circuits. Official calls may be made through the FTS to any location listed in the users guide. MSFC subscribers are to use the FTS for placing official long distance calls.

- a. All MSFC Centrex subscribers have direct access to the Federal Telecommunications System (FTS). Subscribers may gain access to the FTS network by prefixing FTS numbers with access code "8". An FTS users guide has been made available to each office having Centrex service.

- b. After-hours essential FTS calls may be placed from any MSFC telephone to any off-net (Commercial) telephone number nationwide (excluding Hawaii and Alaska) during nights, weekends, and holidays by dialing 8-202-967-1221, the Washington, D. C., FTS information assistance number. Each authorized caller will be required to give his FTS identification number and his name to the answering FTS operator in order to have his call completed. It is necessary that the commercial (non-FTS) telephone number be known before placing a call to the Washington FTS operator for completion. Such numbers are available without charge through the nationwide information service of the telephone companies. Refer to the local Huntsville telephone directory for instructions on how to obtain long-distance commercial information.
- c. FTS service is available to Alaska for official government calls. Calls from MSFC to the southeastern area of Alaska can be placed by dialing the FTS information operator, 8-206-583-0111, Seattle, Washington. The southeastern area of Alaska includes the cities of Juneau, Sitka, Ketchikan, and nearby points. Calls from Huntsville to other areas of Alaska can be placed by dialing the FTS information operator, 8-202-967-1221, Washington, D. C.

**8. USE OF TELEPHONE RECORDING DEVICES:**

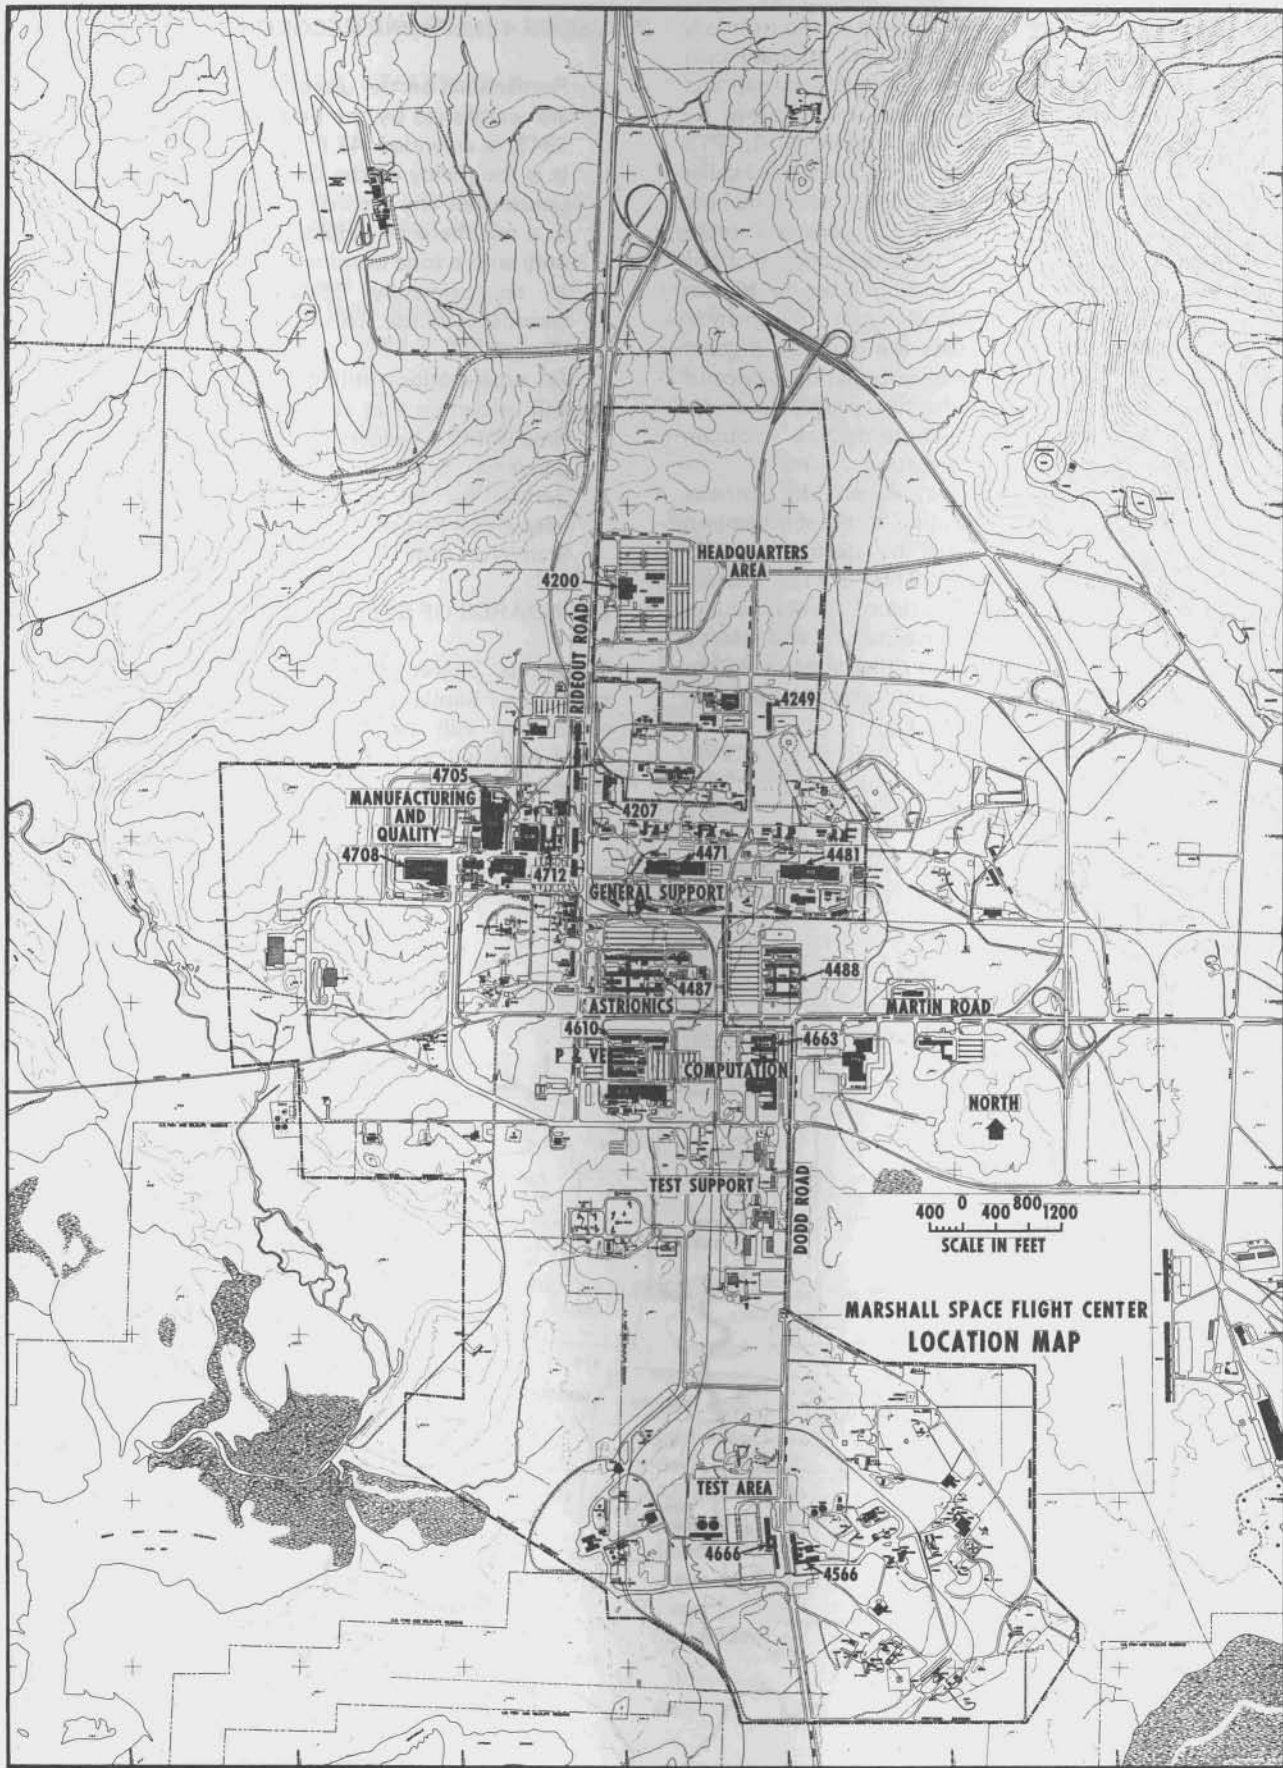

- a. Restrictions on the use of telephone recording devices are established by the Federal Communications Act of 1943, as amended (47 P. S. C. 151 et Seq.).
- b. It is the policy of the George C. Marshall Space Flight Center that any recording device physically connected to a telephone by induction or otherwise, shall be used only with a tone warning device which produces signals at approximately 15-second intervals while the recorder is in use. This device is commonly known as a "beeper".
- c. All organizations utilizing telephone recording devices will be certain that all such devices are equipped with tone warning beepers to comply with the provisions of paragraph b. Requests for installation of recording devices for telephone conversations will include a beeper as a part of the installation and be submitted on Standard Form 145 to A&TS-MS-C.

**9. STANDARDS OF SERVICE:**

Telephone operators are instructed to be uniformly courteous. Similar consideration on the part of the subscribers will be an incentive to superior service. Subscribers will not reprimand or enter into unnecessary conversation with operators. Service complaints should be made to the Chief Operator.

**SHELTER ADMITTANCE**

Your MSFC automobile decal and/or badge will permit fast admittance to the arsenal and each area. Should a shelter be full when you reach it, you will be directed to another shelter. Employees should stay at MSFC shelters and arrange for dependents to come to them if fallout emergency occurs during worktime. This will reduce traffic congestion.
