Memorandum

TO Peggy Nelson, Code AG
Office of General Counsel, NASA Hq

DATE August 3, 1964

FROM Office of Director, MSFC

SUBJECT Dr. von Braun's oral history interview transcript - Kennedy Library

Enclosed are the signed copies of Dr. von Braun's oral history interview transcript for the John F. Kennedy Library.

Also enclosed are the two copies of the release form to be used by the Archives people. Dr. von Braun has signed them, too.

You called on July 27 about the biographical information on Dr. von Braun which was included in the report for the Library. We checked it and had to bring it up to date today. There were a few minor corrections which I have now made. I am enclosing for your information an up-to-date biographical sketch in case you need an extra one for your files.
