

N.Y. Dec 2/17.

Dear Cousin Oscar.

I have your letter. - I am getting along very slowly indeed, as far as improvement in my condition is concerned. I am at home still & it is very aggravating to me to see how slowly I am mending - But I think I will soon be better. so I rise in hopes. - I have signed the request for a meeting and have had Mr Plant sign it also.

and Enclose it.

As far as the procedure you propose to undertake in the case of the Shunts with L Co, you can rely upon me and on Mr Plant doing whatever you advise -

Addie is not all well, and as I stated in my last letter, our going south (much as we would like to) is out of question just now. -

My regards to all, and Addie joins me in much love to you + Betty.

Affectionately
Cousin Mr
