Dear Sir:

I have a party who wants about a block of Dallas Mfg. Co. stock. The price must be right, however, and as I understand the Company has not been paying more than 6% dividends I think it ought to be bought right around \$1.30. Please let me know if you want to sell and if so what will you take for your stock.

Yours truly,

Signed A. W. Newson

79 Leonard St., New York City, N.Y.

Dear Sir:

Yours of the 21st received. Just to trouble a little farther.

My party will give \$1.50 for Dallas Mfg. Co. stock if he can get a good block of it. Do you know of any one who has from 100 to 300 shares for sale? and is there any way for us to make or divide commission and sell this stock?

A prompt reply will very much oblige, as the party in question is trying to get control of a nice block of stock, and is willing to give the top of the market for it. What do you consider the real market value of the stock? It has been paying good dividends and should sell around \$1.50. I am willing to divide commission if we can make the sale of the stock to this party.

Yours very truly,

Signed A.W. Newson
