 Gas, Steam & Water Pipe Fitters.

Huntsville, Ala., Nov 18 1890

Hon B. R. Hundley

Dear Sir,

You know in our new Charter the
 Street Tax is Three Dollars. The
 Board met last Night and discussed
 the matter and unanimously agreed
 to request you to have that part of the
 Charter amended so as to make the Street
 Tax not more than Two ⁵⁰/₁₀₀ Dollars
 The amendment to take effect next year
 we trust you will kindly attend to the
 matter. I am both sorry and surprised
 at the R R Bill you introduced in
 the Senate. it has sent a cold wave
 of over the community and stopped the
 People of all classes & colors to the heart

OFFICE OF

W HUTCHENS & ERWIN,

PRACTICAL PLUMBERS,

Gas, Steam & Water Pipe Fitters.

Huntsville, Ala. 18
 to hear that you had ~~abstracted~~ the ~~bill~~
 a great many almost refused to believe
 it owing then your humble friend
 writes who would not believe it until
 he had a talk with Jere Murphy who was
 in Montgomery a few days since. For
 Little did I think that you of all men
 would make a Cess out of the People
 of your County and a Reme out of A. R. P. Corporation.
 trusting that the ^{matter} Doubts will be made
 more clear and Presentable toward the
 welfare of our Dear old Huntsville
^{Madison Co} that is nearer & dearer to the hearts of
 her People than the welfare of the I & C
 R R or any other R R in the world. I remain
 your Friend W. T. Hutchens
