Battery Executive Officer (Principal Duty)  
Regimental Basket Ball Coach

Name of Reporting Officer: John F. Roehm

Although I have observed this officers' performance of various duties, I am not sufficiently familiar with his performance of his principal duty to warrant a rating. His deceased battery commander held a very favorable opinion of him. As a result of his work in the field and on certain garrison duties, I consider Lt. Nickerson hard working, very dependable and eager to learn. He is serious minded and has a pleasing personality. He should develop into a very valuable officer.

No unfavorable entries made.
