Hon. Robert K. Bell
Attorney at Law

Dear Sir:

John C. Nickerson, whom you so ably represent, is a nephew of my wife and is one of our favorite relatives. He is a fine fellow. We, of course, are not familiar with the charges placed against him, but whatever they may be, we do not feel that he intentionally did wrong.

George L. Scott, of Alabaster, another uncle by marriage, one or two other relatives, and myself, would like to be permitted to sit in on the hearing at least one day after the trial is in progress. Could this be arranged with the proper authorities? I am not familiar with the procedure to secure a permit to enter the reservation.

Thanking you for this information, and with kindest regards, I am

Yours very truly,

L.C. Walker

Dear Judge Walker:

I have your letter of January 18, 1957 regarding the court-martial proceedings of your nephew, John Nickerson, and wish to thank you for it.

You may rest assured that we will make every effort and can assure you of seating space at the Nickerson proceedings when you and Mr. Scott are here.

I want to congratulate you upon the fine steam plant announced in this morning's paper near Wilsonville, and know that this will mean a great deal to Shelby County.

With warmest personal regards, I am

Cordially and sincerely yours,

Robert K. Bell
