Ray H. Jenkins, Knoxville attorney. ^{Founded} Jenkins & Jenkins
 Admitted Tennessee Bar Practice & Law in 1935 years
 Graduate U.T. Law School. Trial Lawyer
 Spent a day together & I became convinced that Col N
 has been to now a valuable asset to our 1st line
 of defense & to the Army. & in my mind he is
 patriotic, dedicated & of the finest type

This project at Redstone became a vital part of his life
 & what he has done said was motivated by the
 finest of American traditions
 that after a free & fair trial & investigation, which he
 knows the Army will give him, he be vindicated

That Gen RCB feel we are defending a great
 principle that is vital to the defense of the nation
 & rendering a great service to the Country:

I was special counsel of Senate Sub. Committee on
 Investigations of Army - on =Carthy hearing.

His position was crucial insofar as Robert
 Stevens then Secy of Army & Gen Joe
 were Carthy on the other who had made
 serious charges vs Army & the Legislature

It was my duty to develop the case
 for both sides & play the dual role of getting
 a witness in & establish a case by him & then
 tear into him on cross-exam. & thereby evaluation
 had enabled the Sen. Sub Com to properly evaluate
 the testimony.
