The Honorable Robert A. Bell, Attorney
Huntsville,
Alabama.

Dear Mr. Bell:

I am writing to express Major Fergusson's and my appreciation for your courtesy on the occasion of our visit to your office last Monday there in Huntsville.

Also, please express to Mrs. Bell our happiness at seeing her again and the opportunity to be with you both in your home for a little while there on Sunday afternoon. It was good to see you both again and when I told Mrs. Almond of the occasion she at once said: "I should have gone also."

We hope that you both will be coming back to Anniston before too long and certainly during the summer training period next summer, when as I told you, we will be happy to have you visit us here in Anniston.

I enjoyed my stay with Nickerson for the day and learned things about the missile business that I did not know before. I also enjoyed having lunch with Dr. von Braun and we had some very spirited and interesting discussions with him.

With personal good wishes and again my thanks, I am

Sincerely yours,

Edward M. Almond
Lieut. Gen. USA (Ret)
