

May 7, 1968

To All Members of the Faculty:

Attached is the Order of March for the academic procession to be held in connection with the Graduation Ceremony scheduled for 2:00 P.M., May 25, 1968. Faculty members have been listed by rank and by year of appointment within each rank. If there are errors in this list, please report these discrepancies to me.

The ceremony will be held on the grass between the Research Institute and the lake if the condition of the turf permits. Should the grounds be intolerable but the weather permissable, the ceremony will be held on the parking lot behind the Graduate Studies Building. In the event of rain, the Madison County Coliseum will house this event.

The Graduation Ceremony will be preceded by a formal academic procession. Members of the faculty, staff, and graduating classes will participate in caps and gowns. If the event is held on the grass in front of the Research Institute, the procession will form under the covered walk in front of the Research Institute. Should the ceremony be held on the Graduate Studies Building parking lot, the procession will form in front of the G.S.B. If the Madison County Coliseum is used, the procession will form in the lobby of the South entrance.

The following Marshals have been appointed to organize the line of march:

Professors and Associate Professors . . . Curtis H. Adams  
Assistant Professors . . . . . Robert E. Shannon  
Instructors and Staff . . . . . Donald E. Tarter

Please report to the Marshal assigned to your rank by 1:45 P.M. The procession will begin at 2:00 P.M. In forming the line of march, please adhere to the order listed as closely as possible.

Marching and seating instructions will be given by the Marshals at the time of forming the line of march. A Recessional will complete the ceremony.

Immediately following the ceremony the University Women's Club will host a reception for all persons in attendance at the ceremony in the first floor lobby of the Graduate Studies Building.

Sincerely yours,

*Michael F. La Bouve*
