FOR
YOUNGSTERS**
Up to 80 Years!

THIS little car is a half-scale replica of the famous 1910 Model T and runs like one! It has a frame of steel, a body of FiberGlass and steel, brass colored headlamps and bright red wooden-spoked wheels. It really looks just like the old "Tin Lizzie." While it is not made to be used on highways, the youngsters will really have a ball with it on driveways, parks, paved areas, etc. The 3 HP, 4 cycle engine is rugged and powerful . . . easy to start with recoil starter. This is the engine we use on some of our better power mowers.

This half-scale model T has the simple design, driving and handling characteristics of the original Model T . . . and it even sounds like one when it is running.

Designed to carry two youngsters in comfort . . . it has ample power and strength for hauling two adults. Lots of fun for the whole family . . . and a real eye-catcher.

SPECIFICATIONS: Wheelbase 50". Over-all length 68". Tread width 30". Over-all width 34". 3 HP, 4 cycle gasoline engine, with recoil starter. All steel frame, with FiberGlass and steel body. Weight approx. 190 pounds. Normal speeds up to 10 miles per hour . . . can be set slower or faster if desired. Pneumatic tires—16x2:125. Forward, neutral and reverse. Also mechanical brakes. Not for highway use.
