Portrait of **First Lieutenant Margaret S. Buchanan, ANC, N-744640**, who served with the **300th General Hospital** from September 16, 1942 until September 24, 1945.

This Unit History was based on vintage reports and documents and the MRC Staff also used large excerpts from the book "Reminiscing – An Account of the 300th Army General Hospital in WWII" written by Lieutenant Margaret S. Buchanan, ANC, and published in 1988. General information and illustrations about the unit are courtesy of the book's author. The MRC Staff are still looking for more information relating to the last phase of overseas service of the 300th General Hospital (392d Station Hospital) in Italy, and would also welcome a complete personnel roster of subject Hospital. Thank you.
